

# **Future Scenarios Activity**

# Why?

- Marine Planning = Working towards a shared vision
- Marine Planning Strategy = Roadmap
- Preferred future = Destination

# How?

- Explore possible futures
- Pressures and drivers (growing populations, demand for goods)
- Uncertainties (climate change)
- Trade-offs
- Biases

# What?

- Introductions
- Warm-up
- Future scenarios discussion
- Selection of preferred scenario
- Reporting back

\*Interpretation support provided\*

# How will the outcomes be used?

- Inform decision-makers about planning partners' preferences
- Begin shaping a future vision for the Marine Use Plan

# Key Points?

- No wrong answers
- Agreement is not necessary
- New futures welcomed
- This is just a beginning

# Questions?
